

CARBOHYDRATE/CADROET

8 July 1955

Date, Time, and Place of Meeting: 7 July 1955, 1900-2200, CARBOHYDRATE's Apt.

Present: a. CARBOHYDRATE b. ☐ ☐

1. After the usual amenities (in which CARBOHYDRATE's wife took part), CARBOHYDRATE delivered the following written material:

- a. Original of the subpoena on KAISER, which the latter's wife had delivered to CARBO during a 5 July visit. The subpoena speaks of the crime charged as only "Beamteneetzigung" (a misdemeanor) and not blackmail (a felony). For copy and return.
- b. Copy of the Eröffnungsbeschluss which charges KAISER with violations of paras 253 and 243 of the criminal code, which is described as a misdemeanor. (Altho/ some of the official paper involved has indicated that a felony is to be charged, it thus seems clear that only a misdemeanor is to be charged. The difference is important, since <sup>indictment for</sup> a misdemeanor, ~~misdemeanor~~ unlike a felony, can be dismissed by the court on grounds of triviality/frivolity (Geringfügigkeit). This ~~can~~ can be done, however, only through an action of the court (Urteil), which means that the case must still be brought. ~~The plan is thus to have LADELL speak with~~ The plan is thus to have LADELL speak with Oberstaatsanwalt Cantor (the ~~main~~ supervisor of the Staatsanwalt who will actually present the case) to get his cooperation in not pressing the case hard. Yersin will represent KAISER, who will not have to come to Berlin at all(probably). CARBO will attend court sessions, but will stay in the background. After the case has been stated, an attempt will be made to have the court dismiss for triviality, with the prosecution supporting the motion, if possible. Altho ~~this~~ success cannot be guaranteed, there is at least a reasonable chance that this plan will work.

- c. Contact report on visit of mother of RIS-approached son residing in DDR who ~~had earlier been impossible~~ it had earlier been impossible to refer to CALCINO (the mother had to return to the DDR right away).

[ ] had shown interest in the case based on an earlier CADROIT contact report and CARBO had been instructed to have the mother visit CADROIT again if possible. The mother did visit CADROIT again in answer to request, but noted that her son had fled to the FEDREP in the meantime. For [ ] attached.

d. 8 CADROIT contact reports re visitors of possible interest to CASTANIA, some of whom were forwarded and some of whom could not be. For study and ~~feedback~~ review by CART, per usual.

e. Correspondence re the CARCARANA 2 case which shows that CARCARANA 2 had withdrawn her earlier objections (Beschwerde) to the decision of the court refusing to give her the right to CARCARANA's and her child. She states she will now abide by the decision of the guardianship court re who will get the child which will be made after her divorce case is decided. It thus appears that she would <sup>probably</sup> be willing to leave for America even without the child, if necessary.

f. Copy of report submitted by a new MA (of Hansen's) re KVP construction matters in Seehaus, the site of a large KVP headquarters. Altho such OB <sup>from CADROIT</sup> type info is usually superfluous in view of other much better qualified sources, this report is well written and ~~contains~~ appears to contain much good info. For evaluation by Reports Section.

g. Reports on two SFS recruitment/approach actions:

a. Fr. Adler, secy. and registry for Haupt. Abt. I, was <sup>visited</sup> ~~approached~~ by her DER residing father in June. He had been called to office of his BOJ chairman, where he was addressed by two men (presumably SFS) who referred to his lack of sufficient political activity and requested him as former officer to help with the local Kampfgruppen. He refused. The two men then stated Fr. Adler did not really work for a W. Berlin lawyer, as earlier stated, but worked for CADROIT. The father was instructed to visit her in the near future and ~~inform her~~ carry her an offer of amnesty and a good job in

the East. The father was to report her answer to his BGL. This case is ~~not~~ not considered dangerous. The approach will be to convince the SFS that Frä. Adler will not be budged from her refusal.

b. Teupitz, Oberreferent in Abt. Verwaltung, was visited at CADROIT in Dec. 54 by a former "Colleague" who works for the Salzwedel city gov't, Willi SANDERMANN, born 18/7/1910. The latter conducted himself in a suspicious manner leading to the thought that he might have been sent by the SFS. In Feb he returned to visit Teupitz. In the meantime, however, Teupitz had been informed by a ~~friend~~ friend residing in Salzwedel that he had been told by Sandermann that the latter had been forced to approach Teupitz under threat of imprisonment for various crimes including blackmarketing trips to W. Berlin. Teupitz' friend to whom Sandermann had spoken of his troubles advised Sandermann to tell all to Teupitz, ~~which Sandermann did~~ Sandermann told Teupitz on the Feb. visit that he had been Spitzel verpflichtet by the SFS in December 1954 and had now received the KEY to learn Teupitz' need for money, buyability, apartment location, and habits ("Does he have a favorite drinking place?"). Teupitz and Sandermann agreed that the SFS case officer would be told that Teupitz had been very busy, had little time for Sandermann. Teupitz and CARBO were both suspicious that Sandermann was not telling quite all, however. Sandermann visited T. again in May, stated he was supposed to continue his efforts to learn T.'s address. ~~He was supposed to learn it~~ Out of a clear blue sky he also invited T. to a June meeting of former war comrades in W. Berlin, altho T. knew none of them, was not in Sandermann's wartime unit. On 10/June Teupitz was informed by his Salzwedel friend to whom Sandermann had earlier revealed his plight that ~~according to Sandermann~~ the SFS was dissatisfied with the results of Sandermann's approaches to Teupitz. Sandermann was supposedly trying to get back in the SFS' good favor. The SFS supposedly

to approach Teupitz  
had some further, concrete plan/in connection with a Salzwedel meeting in  
W. Berlin on 16/6/55 (which Teupitz did not attend) or in July. (Noteworthy:  
this SFS action appears to be operated by SFS Magdeburg, not East Berlin.)  
h. Short report re earlier reported attempts of SFS to approach

Dr. Berger and Blum of the staff. Both cases are stagnating, the SFS  
apparently having been convinced of the futility of further attempts to  
recruit/lure ~~xxxxxxx~~ Berger to the DDR. Mrs Berger's wife and child  
were sent to the FEDREP to give his parents-in-law in the DDR less reason  
to visit him and more ~~xxxxxxxxx~~ assumption to convince the SFS case officer  
of the futility of further trips to West Berlin. Blum's cousin must still  
visit him in W. Berlin from time to time, but only to "maintain the contact".  
This is the result of the previously arranged report to the SFS case officer  
that Blum suspected that his cousin had been sent to him by the SFS.

1. File info on Otto PLESCHINGER, as previously requested.

2. Further approaches by SFS to staffers include two for which CARBO  
still has to complete investigation and prepare written report: Dr. Westphal  
and Krebs. CARBO will follow-up.

3. CARBO noted that there has been a considerable increase in the  
number of Spitzelverpflichtete who had visited CADROIT in the months  
prior to the beginning of May; the flow had dropped sharply after that rough  
cut-off date, and still remains low. There was some speculation as to possible  
reasons for this phenomenon.

NEXT MEETING: 8 July 55/at appointed street corner for single purpose of  
returning the Subpoena and Eröffnungsbeschluss in the "aiser  
case to CARBO which he will need for discussions with Yersin  
early in the next week. Next regular meeting is 11 July 55,  
1900, CARBO's Apt.
